## THE "ELI" HARDWARE STORE

T. L. PRICE, Manager.

WEST SIDE SQUARE. OREGON, MISSOURI.

Ford economy is not alone in low price, but in the low cost to operate and maintain. For an average cost of two cents a mile, they serve and save; add luxury to pleasure and bring profit to business. Over 700,000 owners have found the Ford dependable, economical and easy to operate. And in any contingency, there's a Ford agent close at hand—with a complete stock of parts. That's "Ford After-Service for Ford Owners."

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915.

Touring Car \$490. Runabout \$440. Town Car \$600. Coupelet \$700. Sedan \$975. L. O. D. Detroit with all equipment.

On display and sale at Keesee-Bragg Automobile Co., Oregon, Mo., and Mount City, Mo.

## MISSOURI NOW BANK FULL.

Reaches Highest Point Since Construction of the Big Tarkio Ditch.

The Missouri river is rapidly rising just now, occasioned by the melting of snow up toward the source of the "Big Muddy."

In the bottoms west of town considerable damage is done, owing to the overflow.

The water has backed up the Big Tarkio ditch and it is said that the river is higher now than it has been any time since this ditch was constructed. It is now beyond what is known as the second bridge, near the Arthur Voltmer place, and is slowly but surely making its way farther. It is feared that serious damage may result if the river does not reach the highest point soon and commence to fall.

The Albert Asendorf farm, south west of Craig, is practically all under water, and while it is not being cut away seriously, it is difficult to estimate the exact damage that will be the result.

The farm of W. H. Wellman, which was threatened for some time at the beginning of the spring thaw, is thought to be safely out of danger. The river has quit its work of destruction and is throwing a bar in on Mr. Wellman's place. This will be welcome news to a great many who believed that the river would this spring make an end to this and several other valuable farms, lying next to the river.—Craig Leader, April 16.

Both Phones.

### Our Little Railroad.

Though not as long as the Great Northern, it is just as wide, and while it does not employ as many as the C. & O. system, its employees as far as they go in numbers are as good and true men as can be found in the employ of any railroad anywhere in our country.

The business for March was fairly good, and was enough to keep Agent Morgan and his aids reasonably busy. The total tonnage handled coming in was 804,825 pounds in car load lots, and 282,206 pounds in less than car load lots—a total of 1,087,031 pounds. The carload lots received were:

Autos.....	1	Sugar.....	1
Emigrant.....	1	Machinery.....	1
Lumber.....	1	Ice.....	4
Line.....	1	Brick.....	1
Flour.....	1	Poles.....	1
Hay.....	1	Cement.....	3
Coal.....	3	Oil.....	2
Total.....			22

### FORWARDED.

There were 15 carloads sent out. Hogs.....11 Cattle.....4 Including the less than car load lots, there was a total tonnage of 313,125 pounds forwarded.

It handled 2,883 passengers, 600 gallons of cream and 29,482 pounds of express.

### Petit Jurors.

The county court last week drew the petit jury for the May term of our circuit court which meets Monday, May 17:

Bigelow—T. T. Wilson.  
Benton—Jno. Donan, A. H. Morris, Jas. Quick, R. S. Brown.  
Clay—Elmer Hunter, Elmer Hartman, Bethel Goodpasture.  
Forbes—L. R. Cunningham, Joseph Stansberry.

Forest—A. B. Terhune, Wm. Fitzmaurice.

Hickory—E. M. Bender.  
Lewis—Geo. Greiner, J. T. Noland, Geo. R. Murray.  
Liberty—R. K. Ross, J. W. Hester.  
Lincoln—David Showalter.  
Minton—E. E. Boyd.  
Nodaway—G. H. Fink.  
Union—E. N. Doebbling, W. B. Fitzgerald, Andy Haer.

### Tendered Positions.

Last Friday evening the school board met for a regular business session. The organization of the board was taken up first and the old officers were elected for their same offices during the next term.

The election of the teachers was then taken up and several, Prof. McCroskey, Misses Beall Brown and Little Meadows, were offered places again. Miss Mae Fickes, who has taught several years in Hevier, has also been offered a place in this school.

Some of the teachers have asked for a few days to consider the proposition and therefore nothing definite is known.—Maitland Herald, April 15.

### MAIL ORDER DRUG STORE.

If your local druggist cannot supply your wants, send to us. We supply anything in the drug business.

SCHOPFLIN PHARMACY,  
5th & Edmond Sts., St. Joseph, Mo.

## Bigelow and Vicinity.

George Conaway in the News-Jeffersonian, unwinds the following string, which tells us that:

—Mrs. W. J. Schatz, who has been visiting relatives and helping to take care of her father, J. F. Bridgman, for the past two months, returned to her home in Chicago, Ill., the latter part of last week.

—The little daughter, Helen, of Carl Adams and wife, was taken to an eye specialist in St. Joseph, Wednesday morning, for treatment of her eyes. She has been troubled with her eyes for some time.

—J. A. Vandevanter was here Monday from Mount City and shipped a motor boat which has been in use on Big Lake for several seasons, to Frank Keifer and Ripley Vandevanter at Perham, Minn.

—Dr. Evans, of Oregon, Mo., and the president of the state board of health, passed through here last Tuesday morning enroute to Maitland, and they visited with Dr. F. E. Hogan here between trains.

—It is reported on good authority that Bigelow is to have a modern garage on Main street in a short time. Bigelow needs something of this kind and we hope the proposition will be put through.

—Alfalfa and grasses of all kinds are showing up in good shape, the showers last week and the warm weather is quite a change from what we have been used to and it won't be long until the stock can be turned on the pastures if this kind of weather continues.

—J. B. Bridgman is in Jefferson City this week taking a look around the town, having accompanied the sheriff of Buchanan county with a bunch of prisoners, as a guard to the state penitentiary from St. Joseph, Tuesday morning.

—J. F. Bridgman is much better this week, is able to read his daily paper and sit up a part of the time each day and is gaining strength right along and it is thought he will be up and around the house by the latter part of this week.

—Guy Jones and Pete Catron attended the thoroughbred Hereford cattle sale in Savannah one day last week and Pete brought home a \$400 bull said to be the best one in the herd. When Pete goes after anything he always brings home the best there is. This bull will measure up in good shape with Pete's already good herd of Herefords.

—Joseph Sauer was up from Edgingham, Kan., one day last week looking after business interests here. Joe says all of the former Bigelow people who moved to Edgingham several years ago are well and getting along fine. One of Joe's boys fell out of a buggy several weeks ago and was hurt pretty badly, being unconscious for 72 hours, but he has recovered all right and has returned to school.

—Workmen are expected to be on hand next Monday under Geo. W. Wright & Son, of St. Joseph, to begin wrecking the old schoolhouse. There will be quite a lot of material, brick bats and wood stuff for sale and our people should take advantage of the opportunity to buy what they may need in the building line. Chances are there will be a large amount of brick backs to dispose of that our farmers could use to a big advantage in their feed lots.

—Bro. J. S. Jefferson is here this week, the guest of Bro. Ira Chuning and other friends. Mrs. Jefferson is expected to arrive this week from Chicago to join her husband here and they will visit old friends here for a few days. They have many friends here who are glad to see them back for a visit if not to locate here permanently. Should they find a suitable location they may decide to purchase residence property and again take up their residence here.

—Eddie Catron and Mrs. F. E. Hogan and Mrs. J. G. Catron received invitations from Prof. Carl F. Catron, who is the principal of the Drummond, Idaho, schools, to attend their exhibits of the Drummond public schools at that place on April 16. The program is a neat one, showing that their schools are up to date and doing extra good work. Carl is an old Bigelow boy, having been born and raised here, moving to Idaho about seven years ago, and he has a host of friends here who are glad to hear of his success.

### On A Visit.

Capt. O. M. Markham and daughter, Mrs. Graham of Spickard, Grundy county, came Tuesday evening to visit Mrs. Hahn and other friends hereabouts. The captain is approaching his 93d anniversary, and he tells us he feels better than he has for 15 years and he looks it too. He is ready and anxious to vote for a Republican president in 1916, and he thinks the

mysterious stranger will appear in Missouri in that year—a Republican governor. The captain is doing a large amount of reading just now.—Corning Mirror, April 15th.

—For Sale.—Yellow Dent Seed Corn. Pure seed, all rough. See sample at Frye's, and livery stable.

DAVID ALLEN,  
Farmers' Phone 533. Oregon, Mo.
